## For All Eligible Children

### Plan for a District-Wide Kindergarten Proposed for Neshaminy School District

LANGHORNE—A new plan for a district-wide kindergarten which would include all eligible children in the Neshaminy School District rather than just those in separate areas, such as Pennell and Langhorne, was disclosed today.

Dr. Oliver S. Heckman, proponent of the plan, described kindergarten as "a social preparation" for a child's entrance into the school community.

"I believe that there will be rooms in the elementary school available for the establishment of kindergartens providing the board of school directors approves of the idea," Dr. Heckman stated, previously in his November Report to the School Directors.

"The elementary supervisors and I have talked over the matter of establishing kindergartens throughout the district," he stated in the Report.

"We probably would have enough children for eleven kindergartens

rooms should we keep them for the full day. On a half-day basis we would need six teachers. Since a kindergarten teacher is permitted to teach in both the morning and afternoon session she teaches in a day more than the thirty pupils which constitute a reimbursement unit. The reimbursement therefore, becomes proportionately larger for the service which she renders than it does for teachers in elementary grades where there are from twenty-five to thirty-five pupils each.

"I spoke with Dr. Charles Boehm regarding this matter and it is his feeling we should proceed with the kindergarten program providing we can meet the financial obligation. The estimated cost for six kindergarten teachers, allowing for State reimbursement, would be \$10,000.00. Transportation, supplies and other equipment would cost \$5,000.00. For a total of \$15,000.00 annually we can operate a kindergarten program throughout the district."

Bucks County Coroner Russell J. T. Ferris and Deputy Coroner Dr. William L. Goldfarb said they have conferred with State Senator David B. Watson and will soon set Assemblymen Wilson L. Yeakey and Marvin V. Keller. All three legislators favor a law requiring the removal of hinges and locks from discarded refrigerators and requiring new refrigerators to have locks that can be opened from the inside, the coroner said.

He said investigation into the death of the Kugel children is now closed. His investigation, Ferris said, revealed that the children had climbed into the refrigerator when it was left open to defrost and kicked the door, which locked when it closed.

At 3 p. m., while the Pascales were out, the turkey caught fire in the electric oven. Bristol firemen put out the blaze with chemicals and had to throw out the charred turkey.

## ---NEWS BRIEFS---

### 32 Killed in Plane Crash

Tacoma, Wash.—At least 32, and possibly 36 persons—including servicemen, dependent wives and children—were killed today when a military transport plane crashed and burned in a fog-shrouded Tacoma residential area. Three of the plane's 39 occupants were critically injured and four others were still missing hours after the four-engined transport plummeted into a vacant lot on the last mile of a Thanksgiving night flight from Fairbanks, Alaska. Fourteen of the passengers were women and children. Among the broken bodies taken from the scene was one of a small girl, still clutching a doll in her lifeless hands.

### Seven Russians Ousted from Japan Leave for Home

Yokohama—Seven Soviet nationals who were ordered to leave Japan sailed for home today on a Dutch steamer after a heated argument with Yokohama customs officials. The seven, including three Russian newsmen, were originally scheduled to leave yesterday, but their ship was delayed. Their applications for continued residence in Japan were rejected 30 days ago on the grounds Russia has not ended the technical state of war with Japan.

### Patients Settle Down After Tragic Fire

Huntington, W. Va.—Routine was completely re-established today among the "surprisingly calm" patients of the Huntington State Hospital, where 14 patients died in a fire which swept an old building Wednesday night. A Thanksgiving Day program, including an evening dance, was conducted as scheduled for the more than 1,300 patients in the institution, sprawled over a 35-acre tract.

### Atomic Bomb Question Dodged

London—Britain's Conservative government today moved a step nearer the return of the steel industry to private ownership but dodged the question of whether tactical atomic bombs are stored in Britain. In a Thursday session of unusual importance, the House of Commons heard Left-wing Laborite Tom Driberg say that the atomic bombs are stored near a road between the villages of Wetherfield and Finchfield in Essex County, eastern England.

## 6 Persons Are Injured In Holiday Accidents In Lower County Area

**Five Hurt in Auto Mishaps  
And One Man is Shot  
Cleaning Rifle**

Six persons received injuries requiring hospital treatment over the Thanksgiving holiday, five in auto accidents, and one while cleaning his rifle.

A three-car crash yesterday in Bristol borough on Route 13 near 4th Ave., resulted in injury to a Bristol township woman, and two other persons. All were treated for cuts and bruises at Bristol General Hospital.

The crash occurred when, according to Henry Spinelli, Bristol borough police, the auto of Thomas Landman, 24, of Pine St., Bristol, which was stopped to turn, was rammed by one driven by Louis Berman, 40, of Elmhurst, N. Y., which had been hit in the rear by the car of James Johnson, of Vista St., near Torresdale Ave., Phila.

## Passenger in Car

Myra Szekulics, 58, of 265 Washington Ave., Bristol township, a passenger in Johnson's car; Johnson; and Berman's wife, Helen, 43, were treated at the hospital.

Two Morrisville Trailer Camp residents were treated at Mercer Hospital, Trenton, N. J., last night after the car in which they were riding skidded in loose gravel on Route 1, near Snipes Corner, and careened into a pole, snapping it off at its base.

## Treated in Hospital

Mrs. Mary D. Herriek, 34, was treated for contusions of the lower back. Her husband, Leo, 34, was shaken up in the crash. According to Falls Township Patrolmen Lawrence Nolan and Gilbert Custer, Herriek swore to avoid hitting the rear of a car operated by Gary Kincart, 18, of Route 1, when the car wheels failed to hold on the wet gravel and the car plunged into the pole.

A Trenton man was shot while cleaning his rifle on a farm on River Rd., Bristol township, yesterday.

Leroy Smith, 25, of 51 Decatur St., Trenton, was wounded in the left hand when, according to his companion, Walman Herring, 47, of River Rd., Bristol township, the rifle slipped out of Smith's hand and dropped to the ground, discharging the bullet. Smith was taken to Bristol General Hospital and later transferred to Abington Memorial Hospital by the Bucks County Rescue Squad.

**FRIDAY, NOVEMBER 28, 1952**  
**PATRONAGE**  
Clamor for patronage is not as insistent as it was in bygone years. The importunities of jobseekers helped send William Henry Harrison to his grave a month after his inauguration. Today jobs to be handed out by a new administration are limited.  
Of the army of 2,500,000 federal employees, only 2,500—not counting the judiciary—are subject to presidential appointment. The impersonal and "nonpartisan" mantle of Civil Service and veterans' preference laws covers the others.  
But the federal payroll is not frozen. As Chairman Ramspeck of the Civil Service Commission points out, employees can be dismissed for incompetence or other good cause. Jobs can be, and many of them should be, eliminated, but in many cases this will require congressional action.  
Congress, not the President, determines what services the federal government shall provide. The way to reduce the payrolls is to eliminate jobs that are required to be done.  
The federal payroll is not the attractive haven it once was. Far from having a plum tree to shake, the executive branch of the government often finds it necessary to conduct recruitment campaigns to keep its swollen payrolls manned. Commerce and industry, which once lagged behind the government in providing job security, pensions, paid vacations and sick leave, have now caught up. Salary scales, too, are comparable.  
As a result, the National Civil Service League reports, there is a high turnover among federal employees. Of the 2,500,000 on the payroll, 40 per cent change jobs every year, many of them leaving the service.  
But if patronage problems at the lower levels have been reduced by competitive examination, the 2,500 jobs at the top must continue to give trouble and concern to an incoming President. These are the men and women who make or execute policy, who hire personnel and spend the money voted by Congress. Upon them falls direct responsibility for efficiency of operations. Their work can make or mar an administration's reputation for competence.

**BLAMING THE MOVIES**  
It is difficult to be impressed by young hoodlums who every now and then say the movies led them astray. A typical case was reported from Toronto recently. An 18-year-old youth there saw "The Sniper", in which a psychopath took potshots at strangers from Los Angeles rooftops. The Toronto lad said he liked the movie so well he saw it 12 times. Then he obtained a .22 rifle and shot five persons before police caught him.  
Millions of people saw the picture, but no others went on a shooting spree. The fact is this little half-witted punk would have turned out as he did if he had never heard of movies.

### PATRONAGE

Clamor for patronage is not as insistent as it was in bygone years. The importunities of jobseekers helped send William Henry Harrison to his grave a month after his inauguration. Today jobs to be handed out by a new administration are limited.

Of the army of 2,500,000 federal employees, only 2,500—not counting the judiciary—are subject to presidential appointment. The impersonal and "nonpartisan" mantle of Civil Service and veterans' preference laws covers the others.

But the federal payroll is not frozen. As Chairman Ramspeck of the Civil Service Commission points out, employees can be dismissed for incompetence or other good cause. Jobs can be, and many of them should be, eliminated, but in many cases this will require congressional action.

Congress, not the President, determines what services the federal government shall provide. The way to reduce the payrolls is to eliminate jobs that are required to be done.

The federal payroll is not the attractive haven it once was. Far from having a plum tree to shake, the executive branch of the government often finds it necessary to conduct recruitment campaigns to keep its swollen payrolls manned. Commerce and industry, which once lagged behind the government in providing job security, pensions, paid vacations and sick leave, have now caught up. Salary scales, too, are comparable.

As a result, the National Civil Service League reports, there is a high turnover among federal employees. Of the 2,500,000 on the payroll, 40 per cent change jobs every year, many of them leaving the service.

But if patronage problems at the lower levels have been reduced by competitive examination, the 2,500 jobs at the top must continue to give trouble and concern to an incoming President. These are the men and women who make or execute policy, who hire personnel and spend the money voted by Congress. Upon them falls direct responsibility for efficiency of operations. Their work can make or mar an administration's reputation for competence.

### BLAMING THE MOVIES

It is difficult to be impressed by young hoodlums who every now and then say the movies led them astray. A typical case was reported from Toronto recently. An 18-year-old youth there saw "The Sniper", in which a psychopath took potshots at strangers from Los Angeles rooftops. The Toronto lad said he liked the movie so well he saw it 12 times. Then he obtained a .22 rifle and shot five persons before police caught him.

Millions of people saw the picture, but no others went on a shooting spree. The fact is this little half-witted punk would have turned out as he did if he had never heard of movies.

EDGELEY — A fellowship dinner was held in Pilgrim Presbyterian Church, Saturday evening to welcome new members.

The menu included: turkey, dressing, cranberries, celery and peppers, peas, mashed potatoes, ice-cream, cookies, mints, tea, milk, coffee.

Approximately 100 persons were served by committees headed by Mrs. Tobias Swope, kitchen; and

Mrs. John Frake, dining room. Mrs. Clarence Kay was in charge of the bazaar table.

John O. Probert led group singing and a "barber shop" quartet consisting of John Probert, the Rev. Robert Thomson, John Conyers and George Shirley rendered selections. John Conyers entertained with a black-face routine. A "movie" was shown.

When making honey cake, mix the honey with the liquids called

for by the recipe and bake at the lowest temperature possible to avoid changing the flavor of the honey.

There is dual personality in Plymouth's Suburban and Savoy models for 1953. Spacious interiors and rugged construction make them ideal work-horses. Yet their smart lines make them welcome at the most glittering social gathering. See your local Plymouth dealers. (Advt.)

## Candle-Light Wedding Ceremony Is Held on Thanksgiving Eve

NEWTOWN, Nov. 28—In a candlelight service in Newtown Presbyterian Church on Wednesday at seven p. m., Miss Kathryn E. Gunser, daughter of Mr. and Mrs. William M. Gunser, Highland road, was united in marriage to Mr. J. Steward Scott, son of Mrs. Joseph Y. Scott.

The Rev. John E. Mertz, D. D., pastor, officiated at the double ring ceremony, with Mr. Loran Warner, of Denver, Colo., at the console. He accompanied Mr. George Smith, who sang "I Love Thee," "Because" and "Through the Years."

The bride, given in marriage by her father, wore a gown of white satin and Chantilly lace. The skirt of alternating panels of satin and lace, with sweeping train, was fastened to a bodice of sculptured sleeves and a portrait collar. Her lace-trimmed fingertip veil was held in place by a satin crown covered with lace and trimmed with miniature pearls. The bridal bouquet was of white carnations centered with an old-fashioned corsage.

Miss Alice M. Gunser was her sister's maid of honor and wore a turquoise blue bare shouldered gown of porcelain-finished taffeta with high velvet waistline. A matching velvet pleated cap completed her ensemble. She carried an old-fashioned bouquet of blue and white carnations.

Mrs. John J. Kupits, aunt of the bride, and Miss Shirley Scott, bridesmaids, wore gowns styled identical to that of the honor attendant. They were a dusty celestial blue. They, too, wore matching pleated velvet caps and carried old-fashioned bouquets of blue and white carnations.

Mr. LeRoy Copper, Yardley, was best man. Ushers were Mr. Charles F. Swartz, Jr., here, and Mr. Thomas Chilcote, Glenside.

Mrs. Gunser chose a costume dress of teal blue lace over matching taffeta, featuring a square neckline, a wide collar and jeweled ornaments. Her accessories were winter white and she wore an old-fashioned corsage. Mrs. Scott, mother of the bridegroom, wore a poudre blue lace gown over matching taffeta with a cutout neckline trimmed with matching velvet. Her accessories were pink, and she wore an old-fashioned corsage.

A reception was held in Neshaminy Valley Youth Center. Upon their return from a trip, the couple will be at home at 524 East Centre Avenue.

The bride is an alumna of Council Rock high school, and is employed as a bookkeeper by First National Bank and Trust Co. The bridegroom, a graduate of Newtown high school, is attending Eckles College of Mortuary Science, Phila.

pellee, 33, of the same address. Chappelle is charged with aggravated assault and battery with intent to kill, and attempt with intent to kill.

The incidents leading up to the stabbing were related by Chief of Police Edward H. Bateman, after information was secured from Chappelle. Bateman states that Hutchings, an uncle of Mrs. Chappelle, resides at the Congress street address, as do several other people. Bateman states he had been informed that drinking had continued during Wednesday night and throughout yesterday. He was told by Chappelle that Chappelle and Hutchings got into an argument over alleged theft of some whiskey, about three o'clock yesterday afternoon. Hutchings then, it is claimed by Chappelle, having struck Mrs. Chappelle in the mouth, Chappelle says Hutchings had a knife, and that he (Chappelle) was armed with an ice pick, when they commenced fighting following the alleged striking of Chappelle's wife.

Chappelle sustained a small cut over the right eye; and Hutchings was recipient of the trio of stab wounds. He was pronounced in critical condition at Abington Hospital.

Bateman was aided in the arrest by State Trooper Friedrich of Langhorne barracks. Chief Bucks County Detective Fred Kohler, together with his assistant, Clarence Irwin, are also investigating.

pellee, 33, of the same address, Chappellee is charged with aggravated assault and battery, attempted to kill, and attempt with intent to kill.

The incidents leading up to the stabbing were related by Chief of Police Edward H. Bateman, after information was secured from Chappellee. Bateman states that Hutchings, an uncle of Mrs. Chappellee, resides at the Congress street address, as do several other people. Bateman states he had been informed that drinking had continued during Wednesday night and throughout yesterday. He was told by Chappellee that Chappellee and Hutchings got into an argument over alleged theft of some whiskey, about three o'clock yesterday afternoon. Hutchings then, it is claimed by Chappellee, having struck Mrs. Chappellee in the mouth, Chappellee says Hutchings had a knife, and that he (Chappellee) was armed with an ice pick, when they commenced fighting following the alleged striking of Chappellee's wife.

Chappellee sustained a small cut over the right eye; and Hutchings was recipient of the trio of stab wounds. He was pronounced in critical condition at Abington Hospital.

Bateman was aided in the arrest by State Trooper Friedrich of Langhorne barracks. Chief Bucks County Detective Fred Kohler, together with his assistant, Clarence Irwin, are also investigating.

## SPORTSMEN'S BRIEFS

By Ollie Hobbs  
(Pinch Hitting for Joe Elbertson)

There will not be a meeting of the Bristol Fish and Game Protective Association in December because of the opening of the deer season on the first of December and because of the Christmas holidays. There are so many of the boys going away after deer that we would not have enough here to hold a meeting.

Well, boys, we are wishing you a nice safe trip. I would like to remind you of a few safety rules. Always be careful when handling a gun. Don't point the muzzle toward anyone. All guns are loaded so treat them this way. Keep your gun on safe until you are ready to shoot. You could stumble and fall. With the gun on safe you will not hurt anyone if you do fall. Make sure your gun is broke or unloaded when you cross a road or are getting into car. Don't climb a tree with a loaded gun. Don't shoot at everything which moves; make sure it is a deer. Don't leave your gun until you have unloaded it.

Here is some information I received on the antlerless deer season regarding the special antlerless deer license.

1. Under the provisions of an Act of General Assembly, the total licenses available for any county shall be issued by the County Treasurer of the County affected.
2. The attached application must be properly completed and mailed or presented with remittance of one dollar and fifteen cents (\$1.15). Incomplete application and fee will be returned to the applicant and not considered until corrected and again received by the County Treasurer.
3. Licenses will be issued strictly in the sequence in which completed applications, with remittances attached, are received. If county amount is exhausted upon receipt of application, fee and application will be returned.
4. The license and tag are not transferable and will be valid and can be used to hunt antlerless deer only in the county designated thereon.
5. Members of groups desiring to hunt in the same county must file individual applications, and attach individual remittances.
6. Antlerless Deer Licenses shall be issued only to residents and nonresidents of the Commonwealth who have first secured a lawfully issued Resident or Nonresident Hunting License for the current year. Under the law, no application for an Antlerless Deer License shall be approved or license issued to a nonresident prior to November 15, 1952, or after December 14, 1952.
7. Landowners, lessees, or other farm occupants, who are citizens of the United States residing upon and cultivating lands lying within areas declared open for the hunting of antlerless deer, may legally hunt for such deer on their own and adjoining lands without either a Resident Hunting License or an Antlerless Deer License. Written permission of the adjacent landowner is required by law. Hunting on adjoining open lands which are owned by either the Commonwealth or the Federal Government is not lawful without a Hunting License and a Special Deer License.
8. There is no camp limit during 1952, but an individual may kill only one deer. Any person who, during the year 1952 killed a legal antlerless deer may not lawfully stand on watch, kill or attempt to kill an antlerless deer during the three-day special season, December 15, 16 and 17.
9. The law makes no provision to refund fees for licenses issued. The only exception will be in case the fee is erroneously accepted.
10. Maps showing "deer territory" in the State are not available.
11. No person may hunt for Antlerless Deer during the Special Season on December 15, 16 and 17, 1952 without first having secured a Hunting License and an Antlerless Deer License, unless permitted by law to hunt without a license as described in Paragraph 7.

**Game Commission Declares Special Open Season To Hunt Antlerless Deer December 15, 16 and 17, 1952**

The Pennsylvania Game Commission, by resolution adopted at its meeting on July 1, 1952, and pursuant to authority conferred upon it by law, declared an open season for the hunting, taking and killing of antlerless deer (deer without visible antlers or horns), regardless of sex, size, age, or camp limit, on Dec. 15, 16 and 17, 1952, throughout the entire Commonwealth, except in Game Refuges or Propagation Areas (other than on any of the latter which the Commission may later specifically declare open to deer hunting) established by the Commission, during which time antlerless deer may be hunted for and taken only in the manner prescribed by the provisions of the Game Law and resolutions and regulations of the Commission.

## Several Area Players In Action in College Games During Season

Several football players of the Lower Bucks County area saw action in college games this fall.

"Mickey" Iannucci, former Bristol High tackle, was a defensive tackle with the undefeated West Chester State College team and excelled in his position. "Bill" Condit, who also attended Bristol High, played end on the West Chester junior varsity squad.

"Eddie" Oliver and Dick Gloyd, formerly of Bensalem Township High, were on the varsity team of East Stroudsburg State Teachers College which ended the season with a 4 and 4 mark. Gloyd and Oliver are freshmen with Oliver being in the backfield and place-kicking nine conversion points in ten tries. Oliver also intends to go out for baseball.

Also a member of the East Stroudsburg team was "Bill" Richter, former guard of Council Rock High.

Playing with the Penn Freshmen eleven this season was Bob Felver, former track and backfield star of Morrisville High. Felver is expected to make the Penn varsity team next season. A Philadelphia newspaper in a thumbnail sketch of future Penn material described Felver as "very, very good."

In addition to the above five, Bill Moll and Joe Dominick, formerly of Bristol High, are members of the Syracuse team which will play Alabama in the Orange Bowl game at Miami on New Year's Day.

Horse disease stopped two Phila. car lines Oct. 28, 1872.

## Bristol High Defeated By Morrisville, 20-19, In Season's Thriller

**Called One of Best Games In 25 Meetings; Played On Local Gridiron**

In one of the best games in their 25 meetings, Morrisville High nosed out Bristol High, 20-19, in the season's thriller yesterday morning on the local gridiron.

A crowd, estimated at 3,500 was treated to a Turkey Day menu of long runs, hard-fought and clean football which ended with Bristol missing the tying point by about a foot.

It was Morrisville's seventh victory in the annual games between the two schools. Bristol has won 14 games with four ending in ties. It was the Bulldogs fifth Lower Bucks County triumph and enabled them to finish second in the loop. Bristol won two and lost four in league competition, ending in fifth spot.

"Eddie" Kohler scored two of the Morrisville touchdowns, one being a sensational 79-yard run at the start of the second half. The other Morrisville touchdown was by Richie Neuman on a pass from "Chuck" Galambos. However, Jerry Bruner was the man of the hour as he place-kicked two of the extra points, one of which proved to be deciding.

Roland Davis, galloping Bristol back, scored a pair of touchdowns on runs of 43 and 33 yards while "Eddie" Charlton, outstanding Bristol lineman, blocked a kick, caught the ball and went 26 yards for a TD. Dave Lewis, who played a fine game at end for the losing team, caught a pass from Les Gibbs for his one conversion point. Gibbs' first try, a placement, was blocked and when with less than a minute to play, Jack Gleason attempted to hit the line for the tying point, Dave Talone, 270-pound Morrisville tackle, stopped him about a foot from the goal line.

The game was about as evenly-fought as could be expected from two school teams. Morrisville had 12 first downs to Bristol's 10 and gained 276 yards by rushing with Bristol totaling 252. Morrisville had an edge in yards in passing by netting 31 to Bristol's 9. Bristol only completed one pass to Morrisville's 4. Bristol's Fred Kornstedt averaged 36 yards on punts to Kohler's 18. Morrisville was penalized 35 yards while Bristol suffered 25 yards lost on penalties.

Larry Cohen, Bristol half-back, went 80 yards for a score in the third quarter but the Warriors' back had stepped on the line at the 15, the ball being brought back to that spot.

Morrisville took a 7-0 lead in the first quarter. Bruner kicked off to Davis on the 25. He ran it back to the 41. Gleason, Davis, and Cohen netted four yards on line plays with Morrisville also suffering a 5-yard penalty. Kornstedt punted to Thatcher who reversed the ball to Denny Sullivan. The latter ran from the 25 to the Bristol 42. After Kohler lost a yard, Galambos jump-passed to Neuman for 9 yards. Kohler made a first on the Bristol 29. Tommy Trout went 14 yards for a first on the Bristol 15. Lewis nailed Sullivan in his tracks. Another jump-pass, Galambos to Neuman, was completed on the 5-yard line out Neuman fumbled and Gene Dugan recovered for Bristol.

Davis ripped off 7 yards at tackle. Gleason gained 12 yards for a first on the 24. Cohen was stopped but Gleason hit again for 12 yards, going to the 36. Davis went to the Morrisville 40 but a 15-yards penalty set Bristol back to its 21. Three plays failed so Kornstedt booted to

mid-field, Sullivan running it back to the 11 where Cohen spilled him. Trout and Kohler were good for four yards each. On third down, the Morrisville jump-pass, Galambos to Neuman, was good for a touchdown. Bruner place-kicked the conversion to make it 7-0.

Bruner kicked off to Wayne Bloodgood, who fumbled after running from the 30 to the Bristol 44. Sullivan recovered for Morrisville. After Trout picked up 8 yards, Morrisville was penalized 15 yards to its 42. Bobby Rago stopped Trout without a gain. A long pass by Galambos, meant for Sullivan, was high of its mark. Sullivan sliced off three yards at tackle as the quarter ended.

To start the second quarter, Kohler punted to the Bristol 27. Gleason made 2 with Gibbs following with a first down on the 35. A fumble by Davis was recovered by Pesce on the Warriors' 35. Trout was tossed for a 4-yard loss by Lewis. Morrisville failed to gain the necessary yardage in three more plays so Bristol took over on its 35. Davis got off on a nice run of 20 yards to the Morrisville 45. Gleason failed to gain. Davis again carried the ball for 16 yards and a first on the Bulldogs' 29. Gibbs lost 9 on an attempted pass. A double-reverse lost 15 yards on a tackle by Savage. Kornstedt was forced to kick, the ball going to the 11. Sullivan was stopped after four yards by Charlton. Kohler added four more with Trout going around end for a first on the Morrisville 37. Sullivan's end run was good for 7. Trout made a first on the Bristol 45. Sullivan nicked the line for six and again Trout made a first, this time on the 33. Before the half ended, Trout made another first down on the 22. Half-time score was: Morrisville, 7; Bristol, 0.

Gibbs' kickoff after the recess went to Trout on the 1-yard line. He returned it to the 21. On the first play, Kohler, on a quick-opener, went through the line, eluded the Bristol secondary, and went 79 yards for a touchdown. When Bruner again place-kicked the extra point, the score was 14-0.

Bruner's kick went to Bloodgood on the 32. The return was to the 36. Davis went 18 yards to the 34. Cohen found an opening in the line for 8 yards. Howie Hoescht intercepted a Bristol pass on his 34. Sullivan skipped 16 yards for a first at mid-field. Three plays later, Sullivan had a first on the Bristol 40. The Bristol line braced and on third down, Dugan intercepted a pass on his 20. Cohen on an end sweep went for a touchdown but he stepped on the out-of-bound line at the 35, the ball being brought back. Gater stopped Davis. After Gleason lost four yards, Gibbs completed a 9-yard pass to Gleason. Kornstedt booted to Thatcher who fumbled on the 20 and Lewis recovered for Bristol but the play was recalled on a Bristol penalty. Kornstedt then kicked to the 16. Kohler and Trout made 9 yards. Sullivan had a first but Morrisville was penalized for backfield being in motion. Kohler kicked to his 43. On the first play, Davis

broke loose and went for a touchdown, cutting the score to 14-6 as Gibbs' extra point kick was blocked. Gibbs kicked to Trout on the 3. The Morrisville back ran it back to the 32 as the third quarter ended.

Bristol closed the gap to one point early in the fourth session. Kohler was stopped after two yards. Russ Johnson nailed Galambos without a gain. Kohler had a first down but Morrisville was penalized five yards. Kohler got four more off tackle. Kohler's attempted kick was blocked by Charlton. The ball was trapped by Charlton on his chest and he went 26 yards for the touchdown. Gibbs threw a pass to Lewis for the extra point. The latter was lying on the ground when he caught the aerial, making the score 14-6.

Morrisville came back strong as Sullivan returned Gibbs' kickoff from the 16 to the 40. Trout and Sullivan made a first on the Bristol 41. Kohler and Galambos made nine yards with Kohler picking up a first on the 27. Kohler picked up seven more with Sullivan losing two. Kohler went to the 14 for a first down. Kohler cracked the line for 11 more yards, a first on the three. Kohler again went through the line for a touchdown. Bruner missed the extra point try, the count being 20-13.

Bristol was not through and made its final score with less than a minute remaining to be played. Bruner kicked off to Bloodgood who slipped on his 27. Cohen made 13 yards around end. After Davis and Gleason made 5, Dugan carried the pigskin for a first on Morrisville's 47. Davis got nine yards on a reverse, missing a first down by inches. Cohen made a first on the 35. Talone stopped Gleason after a 2-yard gain. Davis skirted end for 33-yards and his second touchdown. Gleason attempted to hit the line for the conversion point but was stopped by Talone. There was only one play after the kickoff with the game ending: Morrisville, 20; Bristol, 19.

The bands of both schools entered

tained at half-time with selections with the Bristol band depicting a sketch representing the Bristol High band of 25 years ago.

The Bristol cheer-leading squad presented the Morrisville cheerleaders with a basket of chrysanthemums at half-time.

### Washington Crossing Park Is Close to Levittown

#### Trip Across the Delaware By Continental Troops Was Turning Point

WASHINGTON CROSSING, Nov. 28—Levittown residents exploring the Autumn beauty of their new environs will enjoy a visit to this historic American shrine, a short drive from their new homes.

Here, on Christmas night 176 years ago, 1776, was launched the epic winter crossing of the Delaware River by Gen. George Washington's Continental troops. From a point marked today with a brown stone monument, the rag-clad American soldiers were ferried across the Delaware by Massachusetts fishermen. Disembarking on the New Jersey side, they made a surprise attack on the feasting British army in what proved to be the turning point of the Revolution.

To drive to Washington Crossing State Park, follow State Route 32 north along the Delaware River from Yardley. Levittowners can drive east on Route 13 to pick up Route 32 Morrisville. A shorter way is to drive north on Tullytown-Fallsington road, going one-quarter mile past its intersection with U. S. Route 1 to a left turn. Make a right turn, follow the latter to Morrisville road and turn left at the intersection to enter Yardley.

The famous picture of Washington Crossing the Delaware, painted in Dusseldorf, Germany, 100 years ago by Emanuel Leutze, is now being displayed in the local Methodist Church. Valued at \$50,000, the painting covers 262 square feet of canvas, and most of the north side of the church.

Other attractions here are McKonkey's Ferry Inn, reconstructed from the old inn where last-minute plans for the river-crossing maneuvers were made, other historic houses, a 100-acre wildflower preserve at Bowman's Hill, and the graves of 13 unknown soldiers of the American Revolution.

At Bowman's Hill, four miles north of the crossing site, was a signal tower where Washington's men watched the river to see that no Redcoats came across from New Jersey. A new stone observation tower 110 feet high gives visitors an even better view of the river.

The importance of Gen. Washington's boat trip across the Delaware here was attested to by Lord Cornwallis, the British general, after the surrender at Yorktown. "Fame will gather your brightest laurels from the banks of the Delaware River, rather than those of the Chesapeake," the defeated general told Washington.

Abraham Lincoln later said, "Of Washington's struggles none fixed itself on my mind so indelibly as the crossing of the Delaware preceding the Battle of Trenton."

Three anniversaries in connection with the historic event were recently celebrated here: Washington's birthday, 220 years ago; the crossing, 175 years ago, and the famous painting's centenary.

A series of Articles Introducing the New Residents of Levittown to The Community.  
(By Staff Reporter)

LEVITTOWN, Nov. 28—Old coins and boxer pups, are the chief interests of Mrs. Norman R. (Marie) Hostler, of 41 Primrose lane.

The Hostlers came here Oct. 8 from Prospect Park, a residential development in the suburbs of Pittsburgh, where the houses are of brick. Pittsburgh is the birthplace of Mrs. Hostler. Her husband is a native of Altoona.

A lubrication engineer for Tide-water Associated Oil Co., Mr. Hostler visits factories of the East Coast area and advises on their oil requirements for new machines. In his 11 years with the oil firm, his work has moved the Hostler family from Pittsburgh to New York, N. Y., to Boston, back to Pittsburgh and now here. He operates from an office in New York.

The family has a seven-month-old boxer male, Classy. Before Classy was born, they owned his mother. While living in Boston they had a boxer and also a Great Dane.

Mrs. Hostler was formerly secretary to buyers of Gimbel Brothers Pittsburgh department store. She was graduated from Mercy Academy for Girls, Pittsburgh and studied at Duff's Iron City Business College. Mr. Hostler learned engineering after they were married, with correspondence courses and night school classes.

Mrs. Hostler started collecting coins in the first year of their marriage, when she came across an 1835 quarter dollar while shopping. Her husband advised her to keep the coin, and she began watching for other rare ones. Numismatics is a good hobby, she says, because "your collection is always worth money."

She has several foreign money pieces, given to her by friends, collects silver dollars and is assembling three Indian head penny collections for each of her children, Norman, 24, who is 12 years old; Nancy, ten and Timothy, nine.

Norman is in seventh grade at Pennsylvania High School. Nancy and Timothy go to Fallsington Elementary School, where she is in fifth grade and he in fourth.

All three children like the school here, Mrs. Hostler says. The mother finds them all very fond of Levittown, "mud and all."

LEVITTOWN, Nov. 28—William F. Duncan, of 10 Peartree lane, was born in Glasgow, Scotland, and came to America when he was five years old. He had the opportunity to revisit his native land during World War II, when he was in Germany with the Army.

Given a short pass, he went to Glasgow and saw his grandmother and other relatives.

He is a die setter for Circle F Manufacturing Co., Trenton, N. J. Mr. Duncan attended Trenton High School, and studied modeling two

years at Trenton School of Industrial Arts before the war. He recently returned to the industrial arts school, where he is taking up machine shop work.

The Duncans, with their seven-year-old daughter, Mary, a second-grader at Holy Trinity Parochial School, Morrisville, moved here Oct. 10.

Their new home is decorated with some figures Mr. Duncan modeled in clay. Crocheting and knitting are the favorite pastimes of his wife, Ann.

LEVITTOWN, Nov. 26—If and when a choral group is formed in Levittown, David Harris and his wife, Sylvia, of 46 Primrose lane, will probably join it. They are both fond of operatic music and she has sung in social chorus groups.

Meanwhile, Mrs. Harris is singing lullabies to her two children, Joan, 7½ and Robert, 5½ and Mr. Harris sings in the bathtub. The Harris' are also fond of the theater, and hope there will be some performances of shows in the Levittown area this season.

Mr. and Mrs. Harris, natives of Phila., moved here from West Phila. Oct. 11. He is a graduate of Central High School and she of Simon Gratz High. Joan and Robert attend Fallsington School.

Mr. Harris, who studied at the University of Pennsylvania Evening School, is a purchasing agent for Phila. Navy Yard. His wife worked for the Armed Forces for six years, in the fiscal department at the Phila. Quartermaster Depot. She is a graduate of Strayer Business College.

One of Mr. Harris' main interests is in Panonia, a beneficial and social organization of Phila., which does charity work and promotes religious understanding. The organization is run by young men, who must be under 40 to become members.

The Japanese Parent-Teacher Association is the major organization aiding in a project to send 100,000 cherry tree seeds to American municipalities as a friendship gesture from Japanese school children. Mrs. Newton P. Leonard of Providence, R. I., president of the National Congress of Parents and Teachers, announces.

The seeds are being gathered by the Japanese children. Mrs. Leonard said, for American cities wishing some of the trees that add beauty to Washington springtime. The project is under the auspices of the United Nations Association of Japan, with other agencies co-operating. Shipments of the seeds are to be made to American cities and town whose mayors ask for them, this year and next, for growing and planting in such places as public parks and boulevard parkways. Cities requesting them up to now include New York, Albany, Philadelphia, Baltimore, Boston, Providence, Chicago, Seattle, San Francisco, Los Angeles, and Portland, Oregon.

William G. Hughes, 6633 Yellow-

stone Boulevard, Forest Hills, Queens, New York, representative of the United Nations Association of Japan in the United States, to whom applications for the seeds should be sent, said the first shipments are expected to arrive in California in November, 1952.

She added that the Japanese Parent-Teacher Association, organized during the American occupation with aid from the National Congress of Parents and Teachers, is the largest organization of its kind in the world in terms of membership.

## THE GREAT GAME OF POLITICS

By FRANK R. KENT

### They Seem To See Alike

Washington, Nov. 28. During the campaign one of the most emphatic of the promises made by the Republican platform and the Republican presidential candidate, General Eisenhower, was to reduce waste and cut down expenditures in Washington with the view of balancing the budget and lowering taxes.

Everybody agrees that these things are eminently desirable but always when the suggestion is made there is a highly articulate class of publicists and politicians who loudly shout that it just can't be done without crippling the Government and dangerously weakening our defense effort. At once these cite governmental costs, such as the interest on the national debt, pensions, etc., which are irreducible. They also insist that the Russian menace is such as to make any reduction dangerous and that the defense program renders necessary an increase in domestic expenditures instead of a decrease. This last is the thesis of Mr. Truman's chief economic adviser, Dr. Leon

Keyserling, and is the one upon which the Administration has proceeded since the Korean war began.

Several things can be said about this. One is that Dr. Keyserling's theory is completely unsound but nevertheless in line with Administration policies of the last twenty years. Another is that Dr. Keyserling will soon cease to be economic adviser of the White House or to have any other Administration position. A third is that for the first time in a generation there will be an economy-minded President in the White House as well as an economy-minded Congress. Only under those conditions can any real economy be achieved. White House leadership is the prime essential in any reduction program.

Not since 1933 have we had that sort of leadership. Whenever a Congress, appalled by raising appropriations and the ever-mounting debt, evinced a desire to curtail expenditures it found an Executive who regarded any attempt in that direction as catastrophic. For seven years Senator Harry F. Byrd, of Virginia, has found every congressional economy effort blocked by the White House weight. It has been his insistence upon the peril of continuous and progressive waste that caused Mr. Truman to declare that one of the chief troubles with Congress was "there are too many Byrds in it." It is distinctly encouraging that so far as sharing this Truman view the

President-elect would like to see more Byrds in Congress and is particularly pleased that this Byrd is still there. Faced with a \$268,000,000 debt and with a budget of \$85,000,000,000 laid in his lap by Mr. Truman, Mr. Eisenhower wants Senator Byrd's full co-operation and support and is in complete sympathy with his reduction plans.

It was largely through Senator Byrd's attitude during the campaign that the Eisenhower-Nixon ticket carried Virginia by more than 90,000 majority, which makes it fairly certain that their co-operation will be close and cordial. To this Senator Byrd pledged himself in a recent statement. He has reiterated his belief that the budget can be cut \$10,000,000,000 in 1953-54 and a like amount in 1954-55. He further insists that this can be done without weakening our defense effort, although neither he nor any other posted man contends there is not considerable waste in the expenditure of the billions appropriated for our armed forces and to aid our allies. Furthermore, says Senator Byrd, savings must first be applied to balancing the budget before any tax reduction is made. In this the General and the Senator appear in happy accord. Also, the cordiality of their co-operation will be increased by the fact that Senator Byrd wants for himself no office in the President-elect's gift and probably would take none.

It is generally agreed that General Ike's training and experience equips him perhaps better than any other man in the country to locate the waste in the defense program and foreign field. Also, most persons will agree that Senator Byrd is the outstanding authority on governmental waste in the domestic field. There is, he contends, "hardly an agency in the Government that can't be compelled to economize ten per cent or more."

One exception is the National Museum of Art, which, under the direction of Mr. David E. Finley, is outstanding for efficient and economical administration. But it is hard to think of another.

Senator Byrd, with the joint economy committee of which he is chairman, is now preparing detailed estimates as to how the Truman budget for 1953-54 can be cut. The outlook, he says, is "the most promising in many years." Certainly the prospective co-operation between a Republican President like Eisenhower and a Democratic Senator like Harry Byrd on the job of eliminating the sickening waste with which we have been progres-

sively afflicted for twenty years is the most healthful and encouraging thing that has happened in a long time. As both these men have point-

ed out, national solvency is essential to national security.
